The MCC has been pressing for legislation to reform the Maryland Youth Criminal Justice system with Restorative Practices (HB 0269 & SB 0053). As the entire Church engages in the two-year *Synod on Synodality*, the lessons from Restorative Practices can help the Church engage in dialogue and listening to discern how the Spirit is moving through and with the Body of Christ — inside and outside the Church — so that we may continue to fulfill our mission to evangelize in the world.
